Can you brighten a child's world in 2016? Yes you can, with 'ALPHA', a new children's day care centre operated by 'Eternal Love', a Radstock network member church in Ulaanbaatar, Mongolia.

The church is combatting Mongolia's current economic problems by employing two staff part-time to manage the centre. 'ALPHA' will eventually

support around 10 needy children from Ulaanbaatar's northern shanty (ger) district. The centre needs around \$1000 (£640) for children's toys, beds, mattresses, toilet and washing facilities and kitchen utensils.

Can you or your church help?
 Maybe your business or organisation could adopt us as your Christmas charity this year.

Give securely online via [Radstock Ministries](#), our international network partners here. At the end of the process, be sure to mark your donation 'Seedtime Christmas Charity.' Thank you so much!

Paul
